

Hand demagnetizer HD

The hand demagnetizer is intended for mobile and quick demagnetization. Its usage is suitable in such situations where it is not possible to use the table of the tunnel demagnetizer, e. g. bigger components, parts of machines or moulds etc. The hand demagnetizer is lightweight and easily controlled.

Usage:

- Bigger components, parts of machines or moulds

Technical details	HD-1	HD-2
Code	51.57.212	51.57.213
Activ demagnetizing surface	105x75 mm	105x95 mm
Voltage	220 to 240 V/50 Hz	220 to 240 V/50 Hz
Input	300 VA (50% of working cycle)	350 VA (50% of working cycle)
Demagnetizing field	max.2000 A/m	max.2000 A/m
Active depth of magnetic field	max.20 mm	max. 40 mm
Weight	1,9 kg	2,2 kg
